I'm Tim. I am currently studying Interaction Design at the Belfast School of Art. I love to make beautiful things and enjoy UI and UX design and web development. I have a passion for typography, branding and experimenting with new design tools. I am a motivated and reliable student and always push myself to work to the best of my ability.

Education

BDes Interaction Design

September 2016 - Present
Ulster University, Belfast School of Art

Modules: Interaction Design Fundamentals (68%), Introduction to Communication Design (67%), Exploring Identity (71%), Imaging and Data Visualisation (70%), Creative Entrepreneurship (69%), Designing with Content (70%), Designing User Experiences (TBC), Narrative and Storytelling (TBC).

A-Levels

September 2013 - June 2015
Sullivan Upper School, Holywood
Moving Image Arts, Maths, Computer Science

Experience

Freelance Designer

March 2015 - Present
Tim Davidson Design

Main focus is on web and graphic design. Work has included branding, designing promotional material, creating websites, designing t-shirts, and producing digital marketing material. I have also provided web consultation for Muskoka Woods in Canada.

Floor and Bar Staff

October 2016 - October 2017
The Merchant Hotel

Providing five-star customer service, dealing with any guest queries or issues, taking orders and serving food and beverages, room setup and tear-down

Ropes Area Head

June 2017 - September 2017
Muskoka Woods

Responsible for young people; provide high quality outdoor activity instruction and guidance; ensure safety and well-being of campers and staff; managing a team of instructors; managing, maintaining, and inspecting ropes course; adventure programming and area preparation; providing leadership throughout the site in various other aspects

Skills

HTML5, CSS3, UI design, idea innovation, prototyping, can listen to instruction and respond to feedback well, punctual, well organised, can meet deadlines, can prioritise, proficient in design software (i.e. Adobe Illustrator, Adobe Photoshop, Adobe After Effects, Adobe InDesign)

Interests

I am very interested in front-end design, graphic design, and how people interact with digital products. When I'm not studying or working I enjoy blowing off steam in the squash court and am involved in my local church. I also have a passion for outdoor adventure sports such as bouldering and sailing
